The Anatomy Board is an ex officio body composed of the head of the anatomy department and one additional instructor of anatomy from the University of Maryland School of Medicine and from The Johns Hopkins University School of Medicine. The agency insures the fair distribution of bodies to qualified medical schools. These bodies are of deceased persons required to be buried at public expense. Such bodies are used only for the promotion of medical science within the State of Maryland. If, however, the body is claimed for burial by relatives, it is surrendered for interment (Code 1951, Art. 43, secs. 156-59).

The State Department of Health, established in 1874, is governed by the State Board of Health. The Board is composed of the Director of the Department, who also serves as chairman; the Commissioner of Health of Baltimore City; and six members appointed by the Governor, with the advice and consent of the Senate, to serve six-year terms (Code 1951, Art. 43, sec. 1).

The Department of Health serves the State through twenty-three sanitary districts, one for each county. Each county health department is in the charge of a health officer, who serves as the Deputy State Health Officer for his district. For regulatory purposes the
