Harold E. Donnell, Superintendent of Prisons

Alice J. Ford, Secretary-Treasurer

James W. Curran, Assistant Superintendent of Prisons and Industrial Supervisor

1410 Standard Oil Bldg., Baltimore 2 Telephone: Lexington 9-3789

The Department of Correction was organized in 1939 to supersede the Board of Welfare and the Board of Prison Control in the administration of the penal institutions of the State. An Act of 1953 put administration of the Department under the control of the Superintendent of Prisons, who is appointed by the Board of Correction with the approval of the Governor and the consent of the Senate. The Board of Correction, as presently organized, consists of the Chairman of the Board of Parole and Probation, ex officio, and the Chairman and six associate members, at least one of whom must be a woman, all of whom are appointed by the Governor, with the advice and consent of the Senate, for six-year terms. The Board establishes the policy of the Department and appoints the executive personnel of the institutions upon the recommendation of the Superintendent of Prisons (Code 1951, 1957 supp., Art. 27, secs. 754, 756A).

The Department operates the State Use Industries, which provide employment for the prisoners in the various penal institutions. The goods manufactured in State Use Industries shops are for sale to the various agencies of the State of Maryland, the Federal Government, the District of Columbia, and the states and territories of the United States as well as to the political subdivisions thereof. Manufactured products are also available to religious and charitable institutions providing the goods are for their own use and not for resale. Besides the State Use Industries, prisoners are employed in the public works program of the State. Their earnings are credited to their respective institutional accounts; they may make certain expenditures during their incarceration, and the balance is payable to them upon release.

The Division of Classification and Education of the Department of Correction supervises the collection and recording of all information necessary to permit the proper classification of prisoners at each institution according to their abilities and to aid in their rehabilitation. The Division also has educational functions.
