This Board, created by the General Assembly of 1904, consists of five members appointed by the Governor for three-year terms. As vacancies occur, the Maryland State Nurses Association submits to the Governor the names of five of its members from which he selects appointees. The Board examines all applicants for registration as "Registered Nurse" and as "Licensed Practical Nurse" and issues the proper certificates. It keeps a register of the names of all "Registered Nurses" and all "Licensed Practical Nurses" which is open at all reasonable times to public scrutiny. The Board visits hospitals and schools of nursing and approves the programs in nursing education carried on in these schools (Code 1957, Art. 43, secs. 290-310).

The Board cooperates with the National League for Nursing in the preparation of its State Board Test Pool Licensing Examinations and uses these examinations.
