The credentials of the applicant must comply with standards set by this Board. Two examinations are held each year, usually in January and July, in the following subjects: anatomy, physiology, theoretic optics, pathology, physiological optics, practical optics, theoretical optometry, perimetry, diagnosis, prescription determination, contact lenses, practical optometry, orthoptics, visual training, and optometric jurisprudence. The Board of Osteopathic Examiners, established in 1914, consists of five members appointed by the Governor for three-year terms from a full list of members in good standing of the Maryland Osteopathic Association (Code 1957, Art. 43, secs. 467-80).

The Maryland Board of Osteopathic Examiners investigates the credentials of an applicant for permission to practice osteopathy within the State and issues or refuses licenses. It holds two meetings each year to examine these applicants whose credentials will not warrant issuing of a license through the Previous Practice or Reciprocity Acts. The Board cooperates with municipal and State officials in enforcing the laws regulating the practice.
