STATE TEACHERS COLLEGES

The State Board of Education and the State Superintendent of Schools constitute the Board of Trustees for the State teachers colleges. The Board of Trustees appoints the president and teaching staff of each State teachers college and authorizes all the courses of study offered. It prescribes entrance requirements for students and fixes the number to be admitted to each college. It also supervises the expenditure of all State appropriations for the colleges.

The president of each State teachers college is "responsible for the discipline and successful conduct of his school" and for the administration of all its departments. He makes nominations to the Board of Trustees for teaching appointments and submits for its approval the curriculum to be offered (Code 1957, Art. 77, secs. 28, 164-66, 170).
