

Auditorium building. The Regents are to issue such bonds directly. The payments of principal and interest are met from revenues realized from the use of the buildings (Code 1957, 1961 Supp., Art. 77, secs. 249-59J).

The main campus of the University is located at College Park. Instruction is given here in the undergraduate and graduate course of the College of Agriculture, College of Arts and Sciences, College of Business and Public Administration, College of Education, College of Engineering and Aeronautical Sciences, College of Home Economics and the College of Physical Education, Recreation, and Health. Also located at College Park are the Graduate School, the Summer School, and the offices of University College. The latter college operates the evening school program at College Park. In addition, it conducts a self-supporting college level program at off-campus centers throughout the State of Maryland and at some 150 overseas centers for United States personnel in the European, North Atlantic and Far East regions.

Professional Schools

The professional schools of the University of Maryland comprising the schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and School of Social Work, together with the University Hospital, are located in Baltimore at Lombard and Greene Streets. The University College also offers courses here.

Maryland State College—Division of the University of Maryland

John T. Williams, Ed.D., President

Princess Anne (Somerset County) Telephone: Princess Anne 780

The Maryland State College, Division of the University of Maryland (formerly Princess Anne College), is a state supported land-grant college. It offers courses leading to a bachelor's degree in agriculture, home economics, industrial and mechanic arts, and liberal arts and sciences. The external government and control is vested in the Board of Regents of the University of Maryland and the Maryland State Board of Agriculture.

The College was founded in 1886 as the preparatory branch of the Centenary Bible Institute, chartered in 1867 and renamed Morgan College in 1890. The preparatory branch was known as the Delaware Conference Academy. By the Morrill Act of 1890, the College received federal funds and became known as the Princess Anne Academy, or "Eastern Branch" of the Maryland Agricultural College. In 1919, by agreement with Morgan College, the University of Maryland assumed control of the College, although it remained in the hands of the trustees of Morgan College until 1936. The State purchased it by Chapter 548, Acts of 1935.

Staff: 122.

AGRICULTURAL EXPERIMENT STATION

The Maryland Agricultural Experiment Station was established following passage of the Federal Hatch Act in 1887 making available to the states grants-in-aid for the conduct of research pertaining to agriculture. Both State and Federal funds are appropriated for its support. The main location is on the University campus at College Park. Here laboratories for research in the animal and plant sciences
