

Governor for six-year terms. The College offers courses in the liberal arts with the primary objective of preparing students for transfer to the junior class of senior colleges and universities. The State has established twenty-nine 2-year scholarships, one for each county and each legislative district of Baltimore City. The scholarships are awarded annually on a basis of need to candidates who have passed examinations conducted by the County Board of Education or the Board of School Commissioners of Baltimore City (Code 1957, Art. 77, secs. 260, 282). The 1960-1961 enrollment was 253.

The Anatomy Board of Maryland, an ex officio body, created by Chapter 609, Acts of 1947, is composed of the head of the Anatomy Department and one additional instructor of anatomy from the University of Maryland School of Medicine and from The Johns Hopkins University School of Medicine. The members of the Board are designated by the administrative officers of each school. The agency insures the fair distribution of cadavers to qualified medical schools. These bodies would otherwise have been buried at public expense. If, however, relatives claim the body for burial, it is surrendered for interment. Those unclaimed are used only for the promotion of medical science within the State of Maryland. The bodies are distributed between both schools of medicine according to an arranged plan (Code 1957, Art. 43, secs. 158-161).
