Werner Kohlmeyer, M.D., Associate Director

James E. Smith II, M.D., Associate Director

Col. William J. E. Keish, Associate Director (Superintendent)

Jessups (Howard County)

Telephone: Waterloo 1000

The Patuxent Institution, authorized by Chapter 476, Acts of 1951, opened on January 3, 1955 under the administrative control of the Department of Correction. By Chapter 629, Acts of 1961, the Institution became an independent agency under the control of a newly-created governing Board. This Board consists of a Chairman and four associate members, all of whom are appointed by the Governor with the advice and consent of the Senate for four-year terms. Two of the members of this Board must be chosen from the membership of the Advisory Board of Patuxent Institution, and of these, one must be a psychiatrist. The Board determines Institution policy and confers at frequent intervals with the staff of the Institution.

The Director is the chief administrative officer of the Institution. He must be a trained psychiatrist with at least five years experience in the practice or teaching of psychiatry. Of the three Associate Directors, two of them must also be trained psychiatrists with at least three years' experience in the practice or teaching of psychiatry.

The Patuxent Institution takes custody of intellectual or emotional defective delinquents committed by the courts. The Institution evaluates patients sent by the court to determine whether or not it will recommend that the patient be declared a defective delinquent, and the matter is then referred to the court for disposition. A commitment by the court as a defective delinquent carries a completely indeterminate sentence. The Institution offers educational, industrial and vocational programs. Extensive use is made of group psychotherapy in the treatment of patients.
