Four members must be professional engineers and one a practicing land surveyor. Land surveyors and professional engineers wishing to practice in the State of Maryland must apply to the Board for a certificate, supplying with their application evidence of their qualifications both in experience and training. Except when a written examination is mandatory, the Board may decide whether or not a particular applicant need take an examination. Through the cooperation of the local chapters of the engineering fraternities, the Board seeks to secure voluntary compliance with the law and the maintenance of the ethical standards of the profession. The practice of psychology in Maryland is regulated by the State Board of Examiners of Psychologists, established by Chapter 748, Acts of 1957. This Board consists of five members appointed by the Governor from a list of nominees presented by the Maryland Psychological Association, Inc., with the advice and consent of the Senate of Maryland (Code 1957, Art. 43, secs. 618-44). Members of the Board serve three-year terms.

The Board evaluates the professional training, experience, and other qualifications of psychologists in the State and issues certificates to those who fulfill the requirements. The certificates expire on March 31 of each year and must be renewed annually. The Board administers examinations to qualified applicants for certification at least once each year. During the month of June of each year, the Board publishes a complete roster of certified psychologists in the State.
