The Washington Suburban Sanitary Commission, created by Chapter 122, Acts of 1918, consists of six members appointed by the Governor for four-year terms. Two are nominated by the Commissioners of Prince George's County and two by the Montgomery County Council. The Governor selects the other two, one from each of the two counties represented on the Commission.

When the Commission was organized, the Washington Suburban Sanitary Commission service area covered 94 square miles. In succeeding years, the General Assembly has made additions, and the Washington Suburban Sanitary District now contains more than 500 square miles within Prince George's and Montgomery counties, adjacent to the District of Columbia. The Commission has jurisdiction over the construction of any water and sewerage systems built in either county beyond the limits of the Sanitary District boundaries. In Prince George's County it has jurisdiction over the operation of these same facilities. The present Sanitary District has a population of about 700,000 and an assessed valuation of approximately \$2,100,000,000.

The Commission provides for the construction, maintenance and operation of water supply and sewerage systems; it has jurisdiction
