The Institutional Board of Review, also created by Chapter 629, Acts of 1961, is charged with reviewing and thoroughly re-examining every patient confined as a Defective Delinquent not less than once in every calendar year. This Board makes recommendations for future status and treatment of each patient and is authorized to grant leaves or paroles to patients when it is determined that society and the patient would benefit from such status. This Board sets the terms and conditions of any such leave or parole, and may revoke same at any time. In addition, this Board makes recommendations to the Court of proper jurisdiction for the termination of the indeterminate sentence of defective delinquents when it believes that the patient is sufficiently improved to warrant his unconditional release from custody.
