The State Employees Standard Salary Board was established by Chapter 395, Acts of 1941, and reorganized by Chapter 310, Acts of 1953. By Chapter 87, Acts of 1956, the Board was abolished and a new Board was created, effective June 1, 1956. The present Board is composed of the State Commissioner of Personnel, ex officio, as Chairman; the Chairman of the Civil Service Commission of Baltimore City, ex officio; a person appointed by the Governor from a list of three names submitted by the Maryland Classified Employees Association, and two persons appointed by the Governor to represent the general public, all three for a period of six years. The Board and Secretary serve without compensation.

The Board prepares and recommends to the Governor a pay plan for all classes of positions in both the classified and unclassified Service, to the end that all positions in such services involving comparable duties, experience, responsibilities, and authority shall be paid comparable salaries in accordance with the relative value of the services to be performed.

The Board may recommend amendments to the plan from time to time and when approved by the Governor and so included in the next State budget, such amendments have the force of law. In cases of acute emergency, amendments may be made from time to time in the pay plan to take effect at any time before the effective date of the next State budget.

The following positions are excluded from the Board's jurisdiction: faculty positions, librarians and registrars of the University of Maryland, the State colleges, Morgan State College and St. Mary's College of Maryland; teachers, principals, directors or education and supervisors of vocational education on the staffs of Boys' Village of Maryland, Maryland Training School for Boys, Montrose School for Girls, Maryland Children's Center; and certain other positions which are excluded by specific legislative Acts. The Board formulates rules and regulations for the administration of the Act. These rules include provisions for automatic increases, from minimum to maximum, and for
