

THE ANATOMY BOARD OF MARYLAND

Chairman: Frank H. J. Figge, Ph.D., University of Maryland School of Medicine
 Vice Chairman: David Bodian, M.D., The Johns Hopkins University School of Medicine
 Vernon E. Krahl, Ph.D., University of Maryland School of Medicine; Elbert B. Ruth, Ph.D., The Johns Hopkins University School of Medicine
 Kathy Ofsowitz, Secretary

29 South Greene Street, Baltimore 21201 Telephone: 727-2691

The Anatomy Board of Maryland, an ex officio body, created by Chapter 609, Acts of 1947, is composed of the head of the Anatomy Department and one additional member of the anatomy staff from the University of Maryland School of Medicine and from The Johns Hopkins University School of Medicine. The members of the Board are designated by the administrative officers of each school. The purpose of the agency is to insure the proper distribution of bodies to qualified medical schools and agencies. Such bodies are used only for the promotion and application of the medical sciences. If, however, the body is claimed for burial by relatives, it is surrendered for interment. Bodies are distributed chiefly to The Johns Hopkins University School of Medicine and the University of Maryland Schools of Medicine and Dentistry according to an arranged plan (Code 1957, Art. 43, secs. 149, 156-161).

Appropriations	1965	1966
General Funds	\$2,790.00	\$2,790.00

The Higher Education Facilities Act of 1963 (Public Law 88-204), provides Federal grants to colleges for the construction of classrooms, laboratories, and libraries. In accordance with the provisions of the Act, the Governor designated the Board of Public Works as the State Commission to administer the Act. In addition, the Governor appointed an Advisory Council to administer the program and make recommendations to the Board of Public Works.

The Advisory Council, with staff assistance, developed a State Plan. This plan, approved by the Board of Public Works and the United States Commissioner of Education, became the blueprint for the operation of the program in Maryland.

The Advisory Council administers the program by providing staff; by establishing priorities for Federal grants among the participating colleges; by disseminating information; and, by maintaining liaison between the colleges in Maryland, the State Commission, and the United States Office of Education.
