

The Anatomy Board of Maryland, an ex officio body, created by Chapter 609, Acts of 1947, is composed of the head of the Anatomy Department and one additional member of the anatomy staff from the University of Maryland School of Medicine and from The Johns Hopkins University School of Medicine. The members of the Board are designated by the administrative officers of each school. The purpose of the agency is to insure the proper distribution of bodies to qualified medical schools and agencies. Such bodies are used only for medical education and research. If, however, the body is claimed for burial by relatives, it is surrendered for interment. Bodies are distributed chiefly to The Johns Hopkins University School of Medicine and the University of Maryland Schools of Medicine and Dentistry according to an arranged plan (Code 1957, 1965 Repl. Vol., Art. 43, secs. 149, 156-161).

Appropriations	1967	1968
General Funds .....	\$4,000	\$4,000
Staff: 1.		

**ADVISORY COUNCIL TO THE BOARD OF PUBLIC WORKS  
HIGHER EDUCATION FACILITIES ACT OF 1963**

Chairman: James J. O'Donnell

Harry Bard, Frank L. Bentz, Comer S. Coppie, Mrs. Carle A. Jackson, J. Thomas Kibler, Henry J. Knott, Milton S. Schiller, James A. Sensenbaugh.

Executive Secretary: Jeffrey D. Bresee

State Planning Department  
301 W. Preston Street, Baltimore 21201 Telephone: 383-3010

Title I of the Higher Education Facilities Act of 1963 (Public Law 88-204) provides Federal grants to colleges for the construction of classrooms, laboratories, and libraries.

Title IV of the Higher Education Act of 1965 (Public Law 89-329) provides Federal grants to colleges for the purchase or installation of laboratory and other special equipment and materials, and television equipment and materials for closed circuit direct instruction.

In accordance with the provisions of the Act, the Governor designated the Board of Public Works as the State Commission to administer the Act. In addition, the Governor appointed an Advisory Council to administer the program and make recommendations to the Board of Public Works.

The Advisory Council, with staff assistance, developed a State Plan. These plans, approved by the Board of Public Works and the United States Commissioner of Education, became the blueprints for the operation of the programs in Maryland.

The Advisory Council administers the program by providing staff; by establishing priorities for Federal grants among the participating colleges; by disseminating information; and, by maintaining liaison between the colleges in Maryland, the State Commission, and the United States Office of Education.

Federal grants to colleges in Maryland during the fiscal year ending June 30, 1967 through the programs administered by this Advisory Council exceeded \$7,500,000. Operating expenses of the Council are met by Federal funds.
