P. O. Box 799, Easton 21601

The Governor originally appointed this Commission in 1967 at the request of the General Assembly to study the organization of the State Board of Agriculture and to decide whether this Board should be separated from the Board of Regents of the University of Maryland. The Commission made its report on October 10, 1969, but the Governor extended the life of the Study Commission for an additional two years. The Commission will now report in 1971.

The Commission includes representation from the poultry industry, the dairy industry, the livestock industry, the tobacco industry, the nursery industry, horticulture, field crops, vegetables, the business fields of agriculture, the Farm Bureau, the Grange, and the State Board of Agriculture. The Commission also includes six members who are actively engaged in agriculture (Res. No. 29, Acts of 1967).

- p. 227 The members of the Library Committee are Hall Hammond, Chief Judge of the Court of Appeals, and Associate Judges Wilson K. Barnes and William J. McWilliams.
- p. 232 The address of the Maryland Bicentennial Commission is Suite 402, 140 Main Street, Annapolis 21404.
