 1973.

Executive Director: Joseph L. Stanton

Pier 2, Pratt Street, Baltimore 21202

Telephone: 752-2118

The Maryland Port Authority, a semi-autonomous State agency, was established by Chapter 2, Acts of the Special Session of 1956.

The Authority consists of five commissioners appointed by the Governor for five-year terms, one term expiring each year. Three of the five members must at all times be residents of Anne Arundel County, Baltimore City, and Baltimore County respectively. Of the other two, one must be a resident of the Western Shore of Maryland outside of Anne Arundel County, Baltimore City, and Baltimore County, and one must be a resident of the Eastern Shore of Maryland. The Governor designates one of the members to act as Chairman, and the members of the Authority annually elect one of its members as Vice Chairman.

The Commissioners appoint the Executive Director, who exercises such administrative powers as they delegate.

In creating the Maryland Port Authority, the primary objective of the General Assembly was to improve the facilities and strengthen the workings of the private operator. If private facilities are inadequate, however, or inadequately operated at any time, the Authority may construct, and if necessary, operate supplementary public facilities (Code 1957, 1964 Repl. Vol., Art. 62B).

The Authority endeavors to promote and increase commerce within its territorial jurisdiction through public relations programs, publication of literature, purchase of advertising, solicitation of business by correspondence and traveling representatives, and participation in, and cooperation with, civic, technical, professional, and business organizations and associations. To this end, the Authority currently maintains field offices in Pittsburgh, Chicago, New York, Brussels, Belgium, and London, England.
