The Governor appointed the members of this Council in 1968 by Executive Order to replace the Maryland Development Council. The Council carries out the terms of the Appalachian Regional Development Act of 1965 (PL 89-4).

The purpose of the Council is to provide informed and coordinated county and community leadership to implement the purposes of the Appalachian Program. The Council also assists the Governor and his delegate on the Appalachian Regional Commission in planning and decision-making in order that they may best represent the interests of Appalachian Maryland in the joint Federal-State program. This program has been organized to expand the economy and to develop constructively the resources and economic opportunities of the Appalachian Region to the maximum for the long-range benefit of the residents of the region.
