The Maryland Environmental Trust was created by Chapter 648, Acts of 1967, to conserve, improve, stimulate and perpetuate the aesthetic, natural health, scenic and cultural qualities of the Maryland environment. The Trust is also to encourage the people of the State to do so and to promote the continuing interest in and study in such matters.

The Trust consists of twelve trustees appointed by the Governor by and with the advice and consent of the Senate for terms varying from one to four years. In addition, the Governor, the President of the Senate and the Speaker of the House of Delegates serve as ex officio members. The Commission selects its own officers, the Director of the Trust, and other employees as may be necessary.

The Trust absorbed and expanded the functions and activities of the Governor's Committee to Keep Maryland Beautiful (Code 1957, 1971 Repl. Vol., Art. 41, secs. 181L-181X).

Appropriations	1971	1972
General Funds	\$30,736	\$27,237
Staff: 2.

The Maryland Environmental Service was created by Chapter 240, Acts of 1970 as a public corporation to assist local government and industry in the elimination of pollution resulting from the disposal of liquid and solid wastes. The Service consists of a three-member Board of Directors of whom the officers are a Director, a Secretary and a Treasurer, appointed by the Secretary of Natural Resources with the approval of the Governor. The Service is to assist with the preservation, improvement and management of the quality of land, air and water resources. To this end, it encourages reduction in the amount of waste generated and discharged to the environment and serves the State's political subdivisions and economic interests.

The Maryland Environmental Service represents a new approach to the problem of environmental pollution. It is a product of the
