The Industrialized Building and Mobile Homes Act of Chapter 662, Acts of 1971 prescribed that the certification and inspection of industrialized buildings and mobile homes be done in part by accredited local enforcement agency personnel, and authorized the Secretary of the Maryland Department of Economics and Community Development to establish a program of training and accreditation of such personnel. In order to assist the Secretary of Economic and Community Development to certify code enforcement inspectors, the Maryland Industrialized Building and Mobile Homes Code provides for the appointment by the Secretary of a Code Enforcement Certification Board.

The Board consists of nine members, three of whom are to be Certified Code Enforcement Officials and one member each from the following groups and agencies: licensed architect, registered engineer, representative of the Maryland Department of Economic and Community Development, educator, member of the Advisory Commission on Industrialized Building and Mobile Homes, and a building industry representative.
