The Interagency Committee for School Construction was established by the Board of Public Works as authorized by Chapter 624, Acts of 1971, to assemble, amend, and keep up to date an annual and a five-year program of elementary and secondary school capital improvements funded or to be funded by the State, including remodeling of school facilities. The program contains the estimated cost of each project.

Each local board of education is required to submit to the Committee by October 1 of each year its updated and detailed capital improvement program for the following fiscal year to be accompanied by a school capital improvement program for the ensuing five years, both of which shall have been approved by the appropriate local governing bodies. The Committee is required to recommend approval
