The Southern Regional Education Board operates under the terms of the Southern Regional Education Compact of 1949 which the legislature of Maryland ratified by Chapter 282, Acts of 1949. Thirteen other states have also ratified the Compact. The purpose of the Compact is to develop graduate, professional, and technical education in the South without unnecessary duplication. The Southern Regional Education Board is active in approximately twenty-five academic fields. It administers the regional education contracts through which states lacking schools in certain fields are able to secure training for their students at institutions operated either by other states or by private corporations. The Board also studies needs and resources in various academic fields and joins with universities in Memoranda of Agreement to plan the development of specific programs on a regional basis. The University of Maryland carries on the administrative work of the Board in Maryland (Code 1957, 1965 Repl. Vol., Art. 41, secs. 185-88). The Maryland representatives on the Board are the Governor and four other persons appointed by him.
