

The undergraduate curriculum at Morgan State College is organized into four divisions: Humanities and Humanistic Disciplines, Natural, Physical and Applied Sciences, Social Sciences and Applied Disciplines, and Special Programs and Activities. Within these divisions are included twenty-two departments offering courses leading to the Bachelor of Arts and Bachelor of Science degrees. Emphasis is placed upon the presentation of a standard four-year course in the liberal arts and teacher training, both elementary and secondary. A Summer session is conducted as a part of the regular work of the college, and includes in-service training for teachers in Maryland schools.

The graduate program offers programs leading toward the following degrees: Masters of Arts (A.M.), offered in English, History and mathematics; Master of Business Administration (M.B.A.); Master of Science (M.S.), offering in educational administration and supervision; elementary education; history-social science; science; and teacher preparation for urban schools.
