### CITIZENS ADVISORY BOARDS OF DEPARTMENT OF HEALTH AND MENTAL HYGIENE FACILITIES

A Citizens Advisory Board to each of the State's mental, chronically ill and mental retardation facility (except the Maryland Psychiatric Research Center) was established by Chapter 499, Acts of 1972.

Each Advisory Board consists of seven members appointed by the Governor, selected from names submitted by the Secretary of Health and Mental Hygiene, for terms of four years. No member may serve more than two full consecutive terms.

Members of the Boards must be citizens of the State, residents of the county or City of Baltimore, as the case may be, in the region served by each facility, and known for their interest in civic and public affairs and their concern about the care of the mentally ill, mentally retarded or chronically ill. Each Board elects its own officers.

The Advisory Boards serve in an advisory capacity to the facility. The Board advises the Superintendent in the determination of the hospital goals and assists in the evaluation of the achievement of such goals. In addition, the Board advises the Superintendent with respect to hospital facilities, programs and policies, and makes recommendations concerning the annual budget. The Boards also assume the leadership in developing community understanding of the needs of the individuals served (Code 1957, 1971 Repl. Vol., 1972 Supp., Art. 43, Sec. 603; 1972 Repl. Vol., 1972 Supp., Art. 59, Sec. 32A).
