This Commission was originally appointed by the Governor in 1965 to develop to its fullest extent the potential of the women of Maryland. The commission was reactivated in 1968 as the Maryland Commission on the Status of Women as part of the continuing effort to promote human understanding and solve the pressing social problems which now confront the State and the nation.

The Governor directed the reorganized Commission to review the recommendations of the previous commission in the areas of education, employment, community and civic participation and to take steps to implement those most pertinent. The Commission was also directed to seek the cooperation of existing organizations on the State and local levels in identifying problems, and to work toward increasing the opportunities for women to serve in a variety of fields.

By Chapter 57, Acts of 1971, the Commission became a statutory agency, being assigned to the Department of Human Resources. The Commission consists of twenty-four members all appointed by the Governor from among persons interested in the improvement of the status of women. Its membership includes both men and women and represents all fields of interest of women, such as public affairs, private industry and volunteer activities and includes all age groups and geographical regions of the State. Members serve four year terms and may be re-appointed to one additional term as a member of the Commission. The Governor designates the Chairman and the Vice-Chairman. The Commission adopted its present name by Chapter 119, Acts of 1976 (Code 1957, 1972 Repl. Vol., 1976 Supp., Art. 49C).
