The former Department of Employment Security established an Apprenticeship Information Center in the Spring of 1964 under the direction of the U.S. Department of Labor, Bureau of Apprenticeship and Training. In conjunction with the opening, the Governor and the Mayor of Baltimore City jointly appointed a Citizens Advisory Committee. The Governor reactivated this committee in 1970 and reappointed its members. The Committee consists of employer groups, labor minorities, the general public and representatives of state and local government. The primary duty of the Committee is to review all manner of legislation or official decisions which are made effecting the execution of the apprenticeship system. The Committee is also to promote opportunities for employment to youths as apprentices, act as consultants and advisors to all groups concerning apprenticeship, advise and assist in problem areas where resistance to equal opportunity practices is strong or determined, encourage the setting up of formal apprenticeship programs, and study ways and means of encouraging and accelerating apprenticeship job opportunities. Officers serve for one year terms and appoint the Director.
