

## ADDENDA AND ERRATA

It will be obvious to every reader of this edition of the MARYLAND MANUAL that a book of this size, scope and nature can never be wholly accurate even on the date it appears. The very last organizational changes were made on November 15, 1976. To the best of our knowledge the book was accurate as of

that date. However, the reader should bear in mind that new appointments, resignations, retirements and the like occur, so that some of the names may be incorrect. The names of the individuals and agencies appearing in this addenda have not been indexed into the rest of the book.
