Harry B. Wolf, Jr., *Executive Vice-President*

901 N. Howard Street
Baltimore 21201 Telephone: 727-7810

The Maryland Savings-Share Insurance Corporation was created by Chapter 131, Acts of 1962, to insure savings and loan and building and loan associations throughout the State. Membership in the Corporation is available to all savings and loan associations throughout the State that meet the qualifications of the Maryland Savings-Share Insurance Corporation. The Corporation is funded by the member savings and loan associations.

The Corporation consists of eleven directors, eight of whom are elected by the member associations and are representatives of the member savings and loan associations. Members serve four-year terms. The Governor, with the advice of the Secretary of Licensing and Regulation, appoints three directors for four-year terms. The Corporation selects its own Chairperson and

adopts its own rules, by-laws, and regulations (Code 1957, Art. 23, secs. 161MM-161XX).

Harry Kriemelmeyer, *Executive Director*

P. O. Box 460
College Park 20740 Telephone: 927-3064

The Governor appointed this Council by Executive Order in 1970 to succeed the Governor's Science Resources Advisory Council. It is to provide the Governor with objective scientific or technological advice as he deems necessary and appropriate, identify broad future problems in all fields to which scientific approaches should be applied, to formulate recommendations to alleviate these problems and to define problem areas to which committees could find solutions or recommendations for action. The Council is also to define scientific areas where additional research or the analysis of data is badly needed, to review the available resources to perform such analysis, and to recommend the approach to be used. The Council is further to improve scientific education, including identification of well-defined problem areas for studies to be performed by graduate students, particularly those studies that will be of value to the State, to act as a liaison with scientists of other states or agencies in coordinating approaches to common scientific problems, and to provide scientific and technological advice to the principal Executive Departments at the Governor's request or with his approval.
