The Maryland Veterans Commission was authorized by Chapter 504, Acts of 1973, to acquire sites for the purpose of establishing cemeteries for Maryland veterans honorably discharged from the Armed Forces of the United States, and the members of their immediate families. Funds appropriated were authorized by Chapter 775, Acts of 1974, to be used for the development of veterans' cemeteries rather than the acquisition of sites, since State land was to be used. The Commission was directed to supervise, maintain, and control such cemeteries established. The office of Program Manager was created for the purpose of supervising the development of the cemeteries and the establishment of procedures for the administration of the veterans' cemetery program. Maryland veterans' cemeteries are located as follows:

- Eastern Shore — Dorchester County:  
Route 331 East of Preston
- Cheltenham — Prince George's County:
