

vices and recommends corrective procedures; and identifies and recommends to the State and local agencies sources of State and federal funds available for expanding services and programs. In addition, it submits an annual report to the Governor, which sets forth the status of services and programs for the handicapped with recommendations for the improvement of service delivery; meets with and provides technical assistance to the State Advisory Council on at least a quarterly basis; and promotes and encourages the development of local or regional offices to coordinate services to the handicapped.

The State Advisory Council assists the Office for the Coordination of Services to the Handicapped in the implementation and performance of its responsibilities; reviews statewide activities for the handicapped; and fosters coordination and support for programs for the handicapped. The Council receives and reviews reports and publications of existing committees and commissions; studies ways of increasing the use of facilities and services available to the handicapped; and conducts open meetings to provide direct communication by the handicapped with private and public organizations and the general public in order to solicit statements regarding the status of programs, services, needs, desires, and opinions.

The State Advisory Council for the Coordination of Services to the Handicapped consists of nineteen members appointed by the Governor. The Council includes two members from the State Department of Education, one of whom is from the Division of Vocational Rehabilitation, the other from the Division of Special Education; one member from the Department of Health and Mental Hygiene, selected from a pertinent area agency such as Juvenile Services, Mental Health, Mental Retardation, Medical Care Programs, or Drug Abuse Administrations; one member each from the Department of Human Resources, Department of Budget and Fiscal Planning, Department of Transportation, and Human Relations Commission; a representative of local government; and one member each from the Senate and House of Delegates. The Council also includes nine public members, of whom five are handicapped individuals and four represent the legal profession, the public relations field, private agencies, and an organization for parents of handicapped children. Members serve three-year terms but may not serve for more than six years.

Authorizing legislation for the agency was extended to June 30, 1984, by Chapter 308, Acts of 1980.
