Baltimore 21201

Telephone: 659-2204

The Accountability Task Force, also known as the Education Expense Accountability Task Force, was created by Chapter 85, Acts of 1984. The Task Force reviews annual accountability plans of county boards of education. These plans concern instructional objectives and expenditures. Their purpose is to improve classroom instruction and student performance. Annually, the Task Force also reviews their implementation.

The Task Force consists of eleven members appointed by the Governor. Members serve terms that do not exceed three years. The Governor designates the chairperson (Code Education Article, secs. 5-401 through 5-407).
