The Council was created as the Noise Pollution Control Advisory Council in 1973 (Chapter 709, Acts of 1973). It was renamed the Environmental Noise Advisory Council in 1974 (Chapter 287, Acts of 1974). Formerly under the Department of Health and Mental Hygiene, the Council became

part of the Department of the Environment in 1987 (Senate Bill no. 671). The Council advises the Department on proposed environmental noise standards and sound level limits.

The Council consists of five members appointed by the Secretary of the Environment for five-years terms. One member is appointed from a list submitted by the Acoustical Society of America. One member must be a physician, specializing in hearing, appointed from a list submitted by the Medical and Chirurgical Faculty of the State of Maryland. The third member is appointed from a list submitted by the President of the University of Maryland. Two members represent the general public. The public members may come from nominees of the Maryland State Chamber of Commerce, the Maryland Transportation Federation, the Maryland Environmental Trust, and other environmental groups (Code Environment Article, secs. 3-201 through 3-205).

### **WATERSHED PROTECTION PROGRAM**

The Watershed Protection Program was created within the Department of the Environment in 1987 (Senate Bill no. 671). Formerly it had been administered as the Stormwater Management Program by the Water Resources Administration of the Department of Natural Resources.

### **RESOURCE PROTECTION PROGRAM**

The Resource Protection Program was established in 1987 within the Department of the Environment (Senate Bill no. 671). The Program's functions derive from the Erosion and Sediment Control Program and the Oil Control Program formerly administered by the Water Resources Administration of the Department of Natural Resources.
