The Governor designated the Board of Public Works as the State commission to administer grant programs under the federal Higher Education Act of 1965 (P.L. 89-329, as amended). Title VII-A of the Act provides federal grants to institutions of higher education to finance construction of classrooms, laboratories, and libraries. Title VII-C of the same Act provides federal grants to subsidize interest payments on bonds and mortgages used to finance such construction when direct federal funding is not available.

In 1964, the Governor created the Advisory Council to the Board of Public Works on Higher Education Facilities Acts. The Council assists and makes recommendations to the Board of Public Works on matters pertaining to grant programs under the federal Higher Education Act of 1965. The Council processes applications and recommends priorities for federal grants among the eligible institutions. It disseminates information and maintains liaison with Maryland colleges, the Board of Public Works, and the U.S. Office of Education. Appointed by the Governor, the Council receives staff assistance from the Department of State Planning.

The Maryland Higher Education Loan Corporation was created in 1963 (Chapter 589, Acts of 1963). The Corporation lends money or directly guarantees loans made by approved lenders to State residents who attend or plan to attend colleges or vocational, trade and technical schools. This aid may extend to dependent undergraduate, graduate, or professional students; independent undergraduates; or the parents of such students to help the students meet their educational expenses. Displaced homemakers also may be eligible for such aid (Chapter 773, Acts of 1984).

The Corporation is empowered to establish rules and regulations for the grant, administration, and repayment of student loans. It also may accept gifts, bequests, and governmental appropriations or grants for its purposes.

In addition, the Corporation may enter into agreements with the U.S. Department of Education by which the federal government provides repayable advance funds to be added to the student loan reserve. Such agreements also may make Maryland residents eligible to receive a federal subsidy for part of the interest on their loans.

The Corporation's Board of Directors consists of eleven members. With the advice and consent of the Senate, the Governor appoints nine members for six-year terms. Two members serve ex officio. The Governor designates the chairperson and vice-chairperson (Code Education Article, secs. 18-1001 through 18-1014).
