In June 1984, the Governor created this commission to administer the Maryland Executive Fellows Program (Executive Order 01.01.1984.05). In 1986, the Program and Commission became part of the Office on Volunteerism (Chapter 13, Acts of 1986).

The Maryland Executive Fellows Program is a new partnership between State government and the private sector. It affords the opportunity for a select group of professionals from Maryland business and industrial firms, colleges and universities, the professions, and the arts to work at the highest levels of State government. The State officials for whom Executive Fellows work receive the benefit of the talent, insight, and creative perspective brought to the affairs of State by these people.

The Commission advises on recruitment, selection, and placement of Executive Fellows. It appoints a selection panel to recommend candidates from whom the Commission chooses Fellows. Fellows begin their one-year assignments annually on July 1.

Appointed by the Governor, the Commission consists of five members from the Maryland business community, three from departments of State government, and one from Maryland colleges and universities. The Governor designates the chairperson (Code State Government Article, sec. 9-1306).
