

submits a consolidated statewide capital improvement program with recommendations to the Board of Public Works, which acts at a special public meeting each January. Funding for approved allocations is made by the General Assembly.

Appropriations for the expense of administrative operations are included in the annual budgets of the Board of Public Works, the State Department of Education, the Department of Budget and Fiscal Planning, and the Department of General Services.

Each of the three participating departments furnishes staff to the Committee. The Executive Director is appointed by and works under the direction of the Committee.

A brochure, *The State of Maryland Public School Construction Program, 1971-1981*, is available upon request.

Charles J. Lietwiler, *Executive Secretary*

Department of Budget & Fiscal Planning
Goldstein Treasury Building
60 Calvert St.
Annapolis, MD 21401 974-2114

The Governor designated the Board of Public Works to administer grant programs under the federal Higher Education Act of 1965 (P.L. 89-329, as amended). Title VII-A of the Act provides federal grants to institutions of higher education to finance construction of classrooms, laboratories, and libraries. Title VII-C of the same Act provides federal grants to subsidize interest payments on bonds and mortgages used to finance such construction when direct federal funding is not available.

In 1964, the Governor created the Advisory Council to the Board of Public Works on Higher Education Facilities Acts. The Council assists and makes recommendations to the Board of Public Works on matters pertaining to grant programs under the federal Higher Education Act of 1965. The Council processes applications and recommends priorities for federal grants among the eligible institutions. It disseminates information and maintains liaison with Maryland colleges, the Board of Public Works, and the U.S. Office of Education.
