The Maryland Marathon Planning Committee originally was created by the Governor in 1972 to plan the first Maryland Marathon for 1973. Appointed by the Governor, the Committee now plans and manages each Maryland Marathon.

The Maryland Marathon is a long-distance race for runners over a course 26 miles, 385 yards long. It is held annually in Baltimore. Normally, the event is scheduled for the last Sunday of November or the first Sunday of December.

Annapolis, MD 21401

974-3915

In 1976, the Governor appointed the Maryland Advisory Board of the National Historical Publications and Records Commission to carry out the historical records program of the National Historical Publications and Records Commission. The program is a cooperative effort of the Commission, state records coordinators, state advisory boards, and institutions and organizations throughout the country concerned with the records of the nation.

The National Historical Publications and Records Commission encourages government and private organizations to preserve and make available for use those records that further an appreciation

and understanding of American history. In addition to supporting projects that directly relate to a body of records, the Commission also may support projects to promote cooperative efforts among institutions and organizations and to improve the knowledge, performance, and professional skills of those who work with historical records.

Guidelines and Procedures: Applications and Grants, a pamphlet describing the program, is available upon request.

Appointed by the Governor, the Maryland Advisory Board consists of at least seven members, including the Coordinator who serves as chairperson. Members serve three-year terms. They represent archival and research institutions and organizations in Maryland. The State Historical Records Coordinator is the State Archivist.

MARYLAND 1992 COMMISSION

The 500th anniversary of Christopher Columbus' voyages to the New World and the spirit of exploration that they represent will be commemorated internationally in 1992. To prepare for Maryland commemorative activities, the Governor formed the Maryland 1992 Commission in January 1989 (Executive Order 01.01.1989.01).

Working in tandem with Columbus 500/Baltimore, the Commission will encourage, develop, and implement special events and projects throughout Maryland to commemorate the Columbus quincentenary. Locally sponsored activities will be fostered and promoted by the Commission. With other mid-Atlantic states the Commission will coordinate its activities to focus attention on and enhance efforts to protect Chesapeake Bay.

The Commission is comprised of twenty-two members appointed by the Governor. Ten serve ex
