

Haile, 1992; Mary Ellen Zorbaugh, 1992; Gregory Evans, 1994; Beverly Wise, 1994; two vacancies.

MARYLAND PSYCHIATRIC RESEARCH CENTER

William T. Carpenter, M.D., *Director*

P.O. Box 3235
Maple and Locust Sts.
Catonsville, MD 21228 455-7101

Opened in 1968, the Maryland Psychiatric Research Center is located on the grounds of Spring Grove Hospital Center (Chapter 558, Acts of 1967). The University of Maryland operates the Research Center under an agreement with the Department of Health and Mental Hygiene.

The Center conducts a program of basic and applied interdisciplinary research on mental illness and trains graduate and postgraduate students in psychiatric and behavioral sciences research (Code Health—General Article, sec. 10-425).

METRO MARYLAND REGION

Alice Hegner, *Acting Regional Director*
225-6636

The Regional Director for the Metro Maryland Region oversees administration of mental hygiene services in the Baltimore metropolitan area. These include community-based services and the Walter P. Carter Mental Health Unit, the Highland Health Facility Psychiatric Unit, the Regional Institute for Children and Adolescents—Baltimore, and Spring Grove Hospital Center.

WALTER P. CARTER CENTER, MENTAL HEALTH UNIT

Patricia W. Kendall, Ph.D., *Administrator*
Jose D. Arana, M.D., *Clinical Director, Mental Health Component*

630 W. Fayette St.
Baltimore, MD 21201 328-2139
328-2275

The Walter P. Carter Community Mental Health and Retardation Center began offering community mental health services to Baltimore City residents in 1967. These services now include inpatient and outpatient care, partial hospitalization, and emergency services. The Mental Health Unit is administered by the Mental Hygiene Administration.

The Center also maintains three units at other sites that provide treatment for adults, adolescents, and children: Carruthers Clinic, Morley Street Clinic, and Cherry Hill Clinic. Psychiatric emergency service is available to area residents twenty-four hours a day, seven days a week. Consultation and education services are provided to various com-

munity agencies (Code Health—General Article, sec. 10-406).

CITIZENS ADVISORY BOARD FOR WALTER P. CARTER CENTER, MENTAL HEALTH UNIT

Pauline F. Reichenbach, *Acting Chairperson*, 1992

Mental Hygiene Board appointed by Governor upon recommendation of Secretary of Health & Mental Hygiene: six vacancies.

HIGHLAND HEALTH FACILITY PSYCHIATRIC UNIT

Ned Rosinsky, M.D., *Acting Medical Director*

5200 Eastern Ave.
Baltimore, MD 21224 558-9005

Located on the grounds of Francis Scott Key Medical Center, the Highland Health Facility Psychiatric Unit was established in 1972. The Unit provides psychiatric treatment for residents of Baltimore City in close coordination with three local community mental health programs: Johns Hopkins Hospital, Francis Scott Key Medical Center, and Harbel, a community-based day care program. The Unit is presently funded for 35 beds (Code Health—General Article, sec. 10-406).

CITIZENS ADVISORY BOARD FOR HIGHLAND HEALTH FACILITY PSYCHIATRIC UNIT

Gerard H. O'Connor, *Chairperson*, 1992

Appointed by Governor upon recommendation of Secretary of Health & Mental Hygiene: Barbara Baynes, 1991; Donn M. Teubner-Rhodes, M.D., 1992; Jessie K. Wallace, 1993; Jack R. Ciccone, 1994; Horace Dacko, 1994; one vacancy.

The Governor, upon recommendation of the Secretary of Health and Mental Hygiene, appoints the Board's seven members to four-year terms.

REGIONAL INSTITUTE FOR CHILDREN & ADOLESCENTS—BALTIMORE

Clifford A. Palmer, *Administrator*
605 S. Chapel Gate Lane
Baltimore, MD 21229 368-6600

The Regional Institute for Children and Adolescents—Baltimore opened in 1958. Originally located in Baltimore County on the grounds of Rosewood State Hospital, the Institute moved to southwest Baltimore, near the U.S. National Cemetery, in the early 1970s. The Institute provides intensive inpatient and outpatient psychiatric care for children who are seriously emotionally ill. The Institute is funded for a daily average of 37 residential patients, with an average day treatment capacity for 50 adolescents.
