The Herring Run Public Watershed Association Commission was formed in 1978 to provide for regional cooperation of the State, Baltimore City, and Baltimore County on flood control, water quality, and watershed management of the Herring Run Public Watershed (Chapter 992, Acts of 1978). The Watershed is the land and water area from which all water drains to and from the Herring Run. It includes Herring Run, West Herring Run, Chinquapin Run, Moores Run, and Armistead Creek.

The Commission consists of nine members. They include the Secretaries of the Environment and Natural Resources and the Director of Planning, or their designees; two members from Baltimore City selected by the Mayor; two members from Baltimore County chosen by the County Executive; and two members named by the Baltimore Regional Planning Council. Of the six county and city members, at least one is from the county or city legislative body, and at least one is a General Assembly member.

The Commission is authorized to appoint an advisory committee of interested citizens (Code Natural Resources Article, secs. 8-1701 through 8-1706).
