The Corporation is responsible for patient care, medical education, community health services, and emergency medical treatment provided by the medical systems of the University of Maryland.

The Corporation is governed by a Board of Directors. The Board consists of twenty-eight members. Seven are nonvoting, ex officio members. Twenty-one are voting members appointed to five-year terms by the Governor. Appointed members include minority representatives, three regents of the University of Maryland, one senator and one delegate, at least one person knowledgeable in the administration of hospitals, and at least one member of the Community Advisory Council. The Board elects the Chief Executive Officer of the Corporation.
