Maryland's first Board of Public Works, a nine-member body, was created in 1825 and abolished three years later (Chapter 166, Acts of 1825; Chapter 64, Acts of 1828). The Constitution of 1851 provided that four Commissioners of Public Works would be popularly elected to represent four regional districts of the State (Const. 1851, Art. VII, secs. 1-3). The Constitution of 1864 established the

The Board approves the expenditures of all sums appropriated through State loans authorized by the General Assembly, as well as the expenditures of all general and other funds appropriated for capital improvements except those appropriated for State roads, bridges, and highways. The Board approves every new lease or renewal for land, buildings, or office space before such contracts are exe-
