

In 1976, the Agency began a pick-your-own three-digit daily lottery called "The Numbers Game" and, in 1983, a pick-your-own, four-digit lottery and a pick-six-out-of-forty Lotto Game. The Lotto Game was revamped in February 1989 with a larger jackpot as a pick-six-out-of-forty-four with set prizes of \$5, \$50, and \$600 for correct picks of three, four and five numbers. It was revamped again in May 1990 as a pick-six-out-of-forty-nine Lotto Game with jackpots of over \$1 million. In January 1991, the Lotto became a twice-weekly drawing. The Agency also conducts "Match 5," a pick five of thirty-nine numbers game started in October 1991. If five numbers match, a player wins \$50,000; for four numbers, \$400; or for three numbers, \$15.

Lottery ticket sales outlets are located in licensed retail establishments. Each location provides How-to-Play brochures and other game information. Prizes of \$600 or less may be claimed through any of these sales outlets. Through a terminal connected to a computerized on-line real-time system, licensed sales outlets sell and cash in daily lottery tickets.

Official winning numbers are drawn on live television. For "The Numbers Game," they are drawn daily; for the four-digit lottery, daily immediately following the three-digit drawing; for the Lotto Game, Saturday and Wednesday evenings; and for the "Match 5" cash game, Monday, Tuesday, Thursday, Friday and Sunday evenings.

The Director of the Agency is appointed by the Governor with Senate advice and consent. The Director appoints the Deputy Directors (Code State Government Article, secs. 9-101 through 9-125).

**STATE LOTTERY COMMISSION**

John F. Gore, *Chairperson*, 1997

The State Lottery Commission serves as an advisory board to the State Lottery Agency. The Commission's five members are appointed to four-year terms by the Governor with Senate advice and consent (Code State Government Article, secs. 9-104 through 9-106).
