

FIELD SERVICES

Eugenia W. Conolly, *Assistant Director*
(410) 767-6543

Under Field Services are two divisions: Prevention Services; and Treatment and Field Services.

PREVENTION SERVICES DIVISION

Vacancy, *Chief*
(410) 767-6543

The Prevention Services Division funds, develops, implements, and monitors prevention strategies. The Division works with the Office for Children, Youth, and Families; the State Department of Education; the Department of Human Resources; and the Department of Transportation.

TREATMENT & FIELD SERVICES DIVISION

John Soffe, *Chief*
(410) 767-6910

To coordinate addiction treatment services, the Treatment and Field Services Division serves as liaison between local and State government agencies. The Division, formerly called the Regional Field Services Division, received its present name in 1994.

MANAGEMENT INFORMATION, QUALITY ASSURANCE, OFFICE OF EDUCATION & TRAINING FOR ADDICTION SERVICES

Stephen B. Goldklang, *Assistant Director*
(410) 767-6886

OFFICE OF EDUCATION & TRAINING FOR ADDICTION SERVICES

Ludwig L. Lankford, *Chief*
(410) 767-6933

Created in 1976, the Office of Education and Training for Addiction Services educates and trains public and private providers of treatment and prevention programs for addicts. The Office also helps devise curriculum and evaluates college and university courses on how to treat and prevent addiction.

MANAGEMENT INFORMATION SERVICES

William T. Rusinko, *Chief*
(410) 767-6886

Management Information Services develops and maintains agency data systems; reports and analyzes trends and patterns in alcohol and drug abuse, and assessment of treatment programs; and assists other Divisions with data, research, and computerized information systems. All certified providers of public and private treatment and DWI assessors must report to the Division.

COMMUNITY HEALTH SURVEILLANCE & LABORATORIES ADMINISTRATION

J. Mehse Joseph, Ph.D., *Director*

201 West Preston St.
Baltimore, MD 21201—2399 (410) 767-6100

The Community Health Surveillance and Laboratories Administration was formed by the Department in 1987. The Administration is responsible for four offices: Drug Control, Epidemiology and Disease Control; Food Protection and Consumer Health Services; and Laboratories.

BOTTLED WATER ADVISORY COMMITTEE

Chair: Diane L. Matuszak, M.D., designee of Secretary of Health & Mental Hygiene
(410) 767-8448

The Bottled Water Advisory Committee was formed in 1992 (Chapter 385, Acts of 1992). The Committee advises the Department on regulations governing bottled drinking water (Code Health—General Article, sec. 21-336).

OFFICE OF DRUG CONTROL

Charles H. Tregoe, *Director*

4201 Patterson Ave., 4th floor
Baltimore, MD 21215—2299 (410) 764-2890

The Office originated in 1951 as the Division of Drug Control within the Bureau of Environmental Hygiene. Later transferred to the Office of Licensing and Certification, the Division of Drug Control was reorganized in 1987 as the Office of Drug Control and placed under the Community Health Surveillance and Laboratories Administration.

The Office enforces the Controlled Dangerous Substance Act and ensures the availability of drugs for legitimate medical and scientific purposes while working to prevent drug abuse (Code 1957, Art. 27, secs. 276-302). Office programs focus on physicians, dentists, veterinarians, pharmacists, manufacturers, distributors, pharmacies, and nonpharmacy establishments.

OFFICE OF EPIDEMIOLOGY & DISEASE CONTROL

Ebenezer Israel, M.D., *Director*

201 West Preston St.
Baltimore, MD 21201—2399 (410) 767-6700

The Office of Epidemiology and Disease Control works to control all communicable diseases affecting people in Maryland. Through the Epidemiology and Disease Control Program, the Office strives to contain hard-to-control diseases, such as hepatitis, influenza, sexually-transmitted diseases, and rabies. The Office also works to control acute communicable diseases, tuberculosis,
