

Sec. 5. *And be it enacted*, That the sample or samples thus selected shall be designated, or marked upon the jar, or other vessel containing the same, by numbers only, and submitted by the Inspector to a Chemist of known skill and experience, who shall, without knowing the name or names of the owner, agent or consignee, carefully analyze the same, and report in writing to the Inspector the per cent., by weight, of all the valuable fertilizing constituents contained therein, and what proportion of said constituents are soluble, and what proportion insoluble in cold water, together with any other constituents, properties or circumstances which may affect their value as fertilizers of the soil; and the said Inspector shall furnish a written copy of said analysis to the owner, agent or consignee of the fertilizer thus analyzed, together with the date of the analysis, and the quantity thus inspected, which said analysis, with the quantity and date thereof, shall also be publicly advertised at least three times, in two of the daily newspapers published in Baltimore city; and the said Inspector shall also mark each bag, barrel, box or package, containing the fertilizer so inspected, with the word "inspected," and his name, and the date of inspection.

Sec. 6. *And be it enacted*, That the said Inspector shall keep an office in the City of Baltimore, and in it, a record of all the inspections of fertilizers of all kinds made as directed in this Act, which at all reasonable times shall be shown to those who may wish to examine the same.

Sec. 7. *And be it enacted*, That every person who shall import or bring into the City of Baltimore, and sell or offer to sell, or who shall manufacture and sell in said city, or offer to sell therein, on and after the first day of April, eighteen hundred and seventy, any artificially manufactured or manipulated fertilizers, without first having the same inspected according to the provisions of this Act, shall forfeit and pay the sum of five dollars for each and every bag, box, barrel or other package not thus inspected, or if sold in bulk, and not contained in bags, boxes, barrels or other packages, then such person shall forfeit and pay the sum of twenty dollars for each ton of such fertilizer not so inspected, to be recovered by indictment in the Criminal Court of Baltimore city, one-half for the use of the informer, and the other half for the use of the State.

Sec. 8. *And be it enacted*, That on and after said first day of April, eighteen hundred and seventy, no person shall sell any artificially manufactured, or manipulated fertilizer in said City of Baltimore in bags, barrels, boxes or other packages, unless the same be marked by the Inspector as directed in this Act, nor shall any person forge or counterfeit the mark of said Inspector, or put artificially manufactured or manipulated fertilizers in any bags, barrels, boxes
