The Act of 1868, ch. 445,³ provides that charges on grain shall be made according to weight and not running measure.

20 *By the Act of Congress, approved 28 July 1866,⁴ it is enacted that, from and after the passage of the Act it shall be lawful throughout the United States to employ the weights and measures of the metric system; and no contract or dealing, or pleading in any Court, shall be deemed invalid or liable to objection because the weights or measures expressed or referred to therein are weights or measures of the metric system. And tables of equivalents of the weights and measures now in use in terms of the metric system are given in the Act. And by Joint Res. No. 93, approved 27 July 1866, the Secretary of the Treasury is directed to furnish to each State one set of the standard weights and measures of the metric system for the use of the States respectively.⁵

³Repealed. See note 1 *supra*.
