## 11. Insurance:

The self-insurance liabilities represent the State's liability for its various self-insurance programs. The State is self-insured for general liability, property and casualty, workers' compensation, environmental and anti-trust liabilities and certain employee health benefits. Commercial insurance coverage is purchased for specialized exposures such as aviation hull and liability, steam boiler coverage and certain transportation risks. There were no significant reductions or changes in the commercial insurance coverage from the prior year, and the amount of settlements have not exceeded insurance coverage for any of the past three fiscal years.

All funds, agencies and authorities of the State participate in the self-insurance program (the Program). The Program, which is accounted for in the general fund, allocates the cost of providing claims servicing and claims payment by charging a "premium" to each fund, agency or public authority, based on a percentage of each organization's estimated current-year payroll or based on an average loss experienced by each organization.
