

An ACT to lay out several turnpike roads in Baltimore county.

Passed May 21.

WHEREAS the public roads leading from Baltimore-town to the western parts of this state, by means of the great number of waggons that use the same, are rendered almost impassable during the winter season, and the ordinary method of repairing the said roads is not only insufficient, but exceedingly burthensome; and the establishment of several turnpike roads in the said county would greatly reduce the price of land-carriage of produce and merchandise, and raise the value of the land in the said county, and considerably increase the commerce of the state;
