

Prince George's County shall pay over to said County Road Commissioners the money received from liquor license under Section 252 of Article 17 of the Code of Public Local Laws; the Board of County Road Commissioners shall deposit all funds under its control in some safe national bank, subject to its check when signed by all of its members.

To deposit all funds.

287. The Board of County Road Commissioners shall apportion the fund levied for the annual repair and reconstruction of roads and bridges as follows: One-fourth thereof for the repairs and reconstruction of public bridges, including culverts; two-fourths thereof for the repair of public roads; and from the remaining one-fourth thereof said Board shall pay to the proper authorities of each incorporated town in the county three-fourths of such part of said road and bridge tax as may be realized from the property within the limits of their respective towns, and the balance thereof shall be used by said Board upon said public roads, after the payment of per diem of said Board of Road Commissioners and the legitimate expenses of said Board.

Apportionment for roads and bridges.

288. The Board of County Road Commissioners shall use all the funds received from liquor licenses upon the public highways of the county; provided, however, that authority is hereby given to use this fund as a county contribution in connection with any State or national appropriation for highways; provided further, that the incorporated towns in Prince George's County shall receive back from the Board of County Commissioners, the Board of Road Commissioners or the treasurer of said county, as the case may be, one-half of the funds derived from liquor licenses issued to persons dealing in liquor within the limits of said town.

Liquor license funds to be used on highways.

291. The road superintendent shall have exclusive charge of all bridges and the building and repairs of same. All bridges shall be built or repaired by contract, and the Board of County Road Commissioners shall advertise in one or more newspapers, setting forth the place where said bridge is to be built or repaired, with general specifications of the plan and materials, and that sealed proposals for building or repairing said bridge will be received until a day named in the advertisement; provided, however, that nothing herein shall apply to the building of bridges the cost of which shall not exceed two hundred dollars, nor to repairs of existing bridges when the cost of repairs shall not exceed that sum; and in cases where such cost of building or repairing shall not exceed said sum of two hundred dollars, the manner of providing for said work and

Road superintendent to have exclusive charge of roads.
