

This balance of \$1,684.76 has been paid into the Treasury since September 30, 1895.

Table No. 11 shows the receipts from licenses and from tax upon premiums paid by Insurance Companies during the fiscal year 1895, as returned by the Insurance Commissioner and paid into the Treasury, amounting to \$124,401.48, being an increase of 3,398.58, over the receipts from same source for the preceding fiscal year.

Table No. 12 show the receipts from the franchise tax upon deposits in Savings Banks and Institutions, amounting to \$26,576.48, an increase of \$1,001.50 over the receipts of the fiscal year 1894.

Tables Nos. 13 to 17, both inclusive, shows the amounts due the State, exclusive of interest from the various accounting officers of the State, remaining uncollected in their hands, as well as amounts due from Railroads and other Incorporated Institutions.

Tables No. 18 and 19 show the disbursements of the Contingent Funds of the Comptroller and the Treasury.

Table No. 20 shows the condition of the Tobacco Fund as required by Resolution No. 13, of the General Assembly of 1886.

An examination of the tables showing the condition of the Tobacco Fund in the last three or four reports of the Comptroller, will prove to be interesting to the people of the State. The balance due the State on the Tobacco Warehouses is now being rapidly decreased by the largely increased revenues from rentals of two of the Tobacco Warehouses and Wharves, without detriment to the interest of the tobacco growers of the State. And if the present system is maintained, in a very few years the debt will be extinguished and the receipts from inspections and rentals will be a considerable revenue to the State.

Table No. 21 shows receipts and disbursements of the Commissioners of Fisheries.

Statements A, B, C, D and E, of Part II. of the Appendix, to this report, contains the returns of emoluments of the various officers therein reported.
