

tion, in my judgment. In my opinion, it would be much better to have this "article" so amended that all reports of the several State departments shall be printed by the State Printer under advertisement, upon specifications and bids definitely and specifically providing for the character of the work and the cost of the same, and I am respectfully submitting the same to your Honorable Bodies for such action as in your judgment you may deem best.

STATE AND MUNICIPAL EXPENSES.

I beg to direct your attention to Statement "N," showing the cost of government in the several cities of this State. I know of no compilation of this character before, and I am submitting it, believing that it will be of great interest to the people of this Commonwealth.
