In connection with the General Public School Construction Loans, the Attorney General has advised:

1. That participating counties do not become a debtor of the State of Maryland by reason of their participation in the State School Construction Program after July 1, 1958, since Chapter 86 "Laws of 1958" expressly provides that: "The indebtedness of any county . . . shall not be considered to be increased by reason of the receipts by said county . . . after January 1, 1958, of money from participation by such political subdivisions in the General Public School Construction Loan of 1956 authorized by Chapter 80 of the Acts of the General Assembly of 1956, or any similar act passed or to be hereafter passed."
2. The participating counties are not obliged to levy taxes in rate and amount sufficient to repay the principal and interest on funds received by it from the State as a result of its participation in the State School Construction Program, since Chapter 86 expressly provides that "No County . . . shall be required to levy ad valorem taxes upon its taxable basis for the purpose of repaying to the State any such . . ."
