

Linda J. Burkhart, Inc.

Severely retarded children are benefiting from special toys and devices provided by Linda J. Burkhart of Prince George's County. The devices, which the College Park education consultant designs, builds and describes in instruction manuals, function as learning tools which can be easily operated by head nods, turning and other gestures. Demaree Inflatable Boats

Many whitewater enthusiasts are familiar with the DIB logo seen on inflatable craft cascading down the Youghiogheny River in Garrett County. Custom-made by Demaree Inflatable Boats in Friendsville, the inflatables offer both consumers and industry a unique means to ride the "Yock" along the scenic mountain majesty of western Maryland. Hydroflo

A clean environment is a crucial element in Maryland's quality of life, as demonstrated by Hydroflo of Timonium. The Baltimore County manufacturer produces a wide variety of water treatment systems for commercial, industrial and residential use. (Photo courtesy of Hydroflo)
